

Use Spark to access your eBook and resources, and to complete assignments, activities, and online assessments.

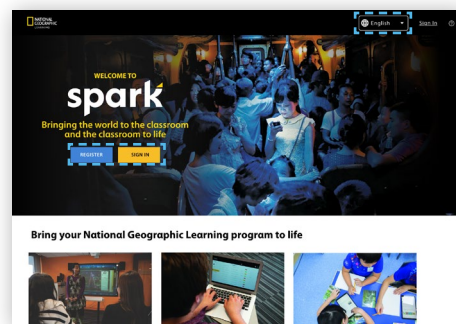

CREATE A SPARK ACCOUNT AND REGISTER FOR YOUR COURSE

1. Go to **learn.eltngl.com**

You can select your preferred language in the top navigation bar to make this process easier.

2. Click **Register**. If you already have an account, click **Sign In**

You may already have an account if you took the Online Placement Test or used Spark in a different course.

3. Select **Student**

4. Enter the **Course Key** from your teacher

Ask your teacher for a *Student Self-Registration Guide*, for a direct link to your course key

5. You may be asked to type in an **Access Code**

This can be found printed in your *Student Book* or provided by your teacher.

6. **Enter your information:** name and email address

7. Set a username and password

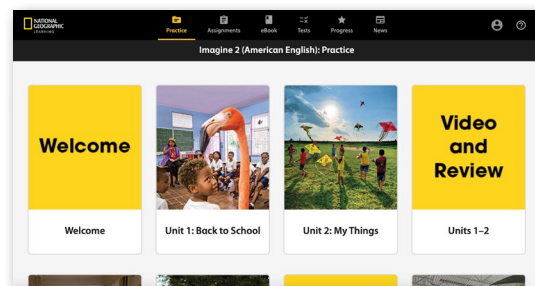

8. Review and accept the Terms of Use & Privacy Policy. Click **Register**

9. Sign in. If you forget your password at any time, click **Forgot password?**

Congratulations! You've created your Spark account.

Your account allows you to:

- Access your eBook
- Listen to audio, watch videos, and more!
- Complete Online Practice activities and assignments
- Take online tests assigned by your teacher

For more help getting started and using Spark, visit <https://help.eltngl.com/student/spark/>

Register for another course

Join a new course at any time with your Spark account.

1. Click the  icon and select **Profile**
2. Go to **My courses**
 - Click  and enter the Course Key

If you registered for self-study by mistake, click **Switch to teacher-led course**

DOWNLOAD THE STUDENT'S APP

The Student's App gives learners access to their National Geographic Learning program on the Spark platform for mobile and tablet devices.

With the Student's App, learners can:

- Access program resources online and offline
- Download the Student's eBook for offline use
- Complete Online Practice assignments
- Keep track of progress across devices

Search the app library for "Online Practice - NGL" or click a button below to download.

Note: You must first register for Spark before you log in to the Student's App.
