Sequence Words

B Read the paragraph and underline the sequence words.

Some of the most expensive clothing in the world is made from cashmere, a very soft, warm fabric. But how is this luxury fabric made? It all starts with special goats. First, the long, soft hair is cut from the animals or is removed with combs. Next, the hair is washed to remove any dirt or oils. After the hair is clean and dry, it is made into yarn or thread—very long, thin strings of cashmere that can be woven into fabric for coats or knitted into scarves and sweaters. Finally, the finished cashmere product is sold, usually for a very high price.
